## 1300 GC Depot Employees to Hear Outline of New Industrial Concept

A special program for 1300 employees of the Granite City Army Depot will be held at 10 a.m. Wednesday at the Washington Theatre for presentation of "the most significant industrial development in the depot's 23-year history."

Col. Charles B. Schweizer, deputy commander, said that the introduction to the new industrial concept that is sweeping the nation will be made by a leading industrialist from among the nation's largest aerospace corporations and a top military figure.

As added attractions there will be musical entertainment, highlighted by the Scott Air Force Base band and a skit by Miss Illinois, Miss Kathy Oros of Granite City.

### Madison Lions Prepare For Picnic Sept. 12

Tickets for the annual family picnic, sponsored by the Madison Lions Club, were distributed Thursday evening by picnic co-chairmen, Lloyd Lassen and Travis Rash, at the club's weekly dinner meeting held in the Sportsman's Club, Tenth and Iowa streets, Madison. The affair is scheduled for Sunday, Sept. 12, at the Edwardsville American Legion Park.

Walter Gavlick, Lions president, urged the group to supply tickets to members not present as quickly as possible, to ensure a successful celebration. Donations were set at \$5 per couple for members and \$3 each in individual guest. Youngsters from six to 18 years will be charged a 50-cent fee, Lassen said.

Gavlick announced that Lions district governor, Vernon K. Heuchart, will attend a dinner meeting in late October. He also reported the cancellation of a fun day for lack of interested participants. The event was to have been held Saturday.

Ronald Grzywacz was appointed club treasurer to complete the unexpired term of William C. Cogliandro, who resigned due to a conflict with school assignments. Present at the dinner were 24 members and two guests, Robert Dant of New Rochelle, N. Y., former Madison Lion, and local YMCA staff member, and John Kozak, Amvet Post 240 commander.

## Few Fail to Register With Selective Service

A few youths are failing to register for the draft within five days after their 18th birthday as required by federal law, according to John H. Hammack, state director of selective service for Illinois. Local registration is handled in high school offices.

Such men usually are reported to draft authorities by persons with knowledge of their violation of the law, he said. They are then registered by the local board, after which the board may declare them delinquent for failure to register on time and order them to register on time and order them for immediate induction into the armed forces.

Any person having knowledge urged to report his name and address to Illinois Selective Service Headquarters, 405 East Washington street, Springfield.

If a youth registers promptly at age 18 he will avoid being drafted as a delinquent ahead of his regular turn, Hammack noted.

## Smith Leads Mathews-Blue To 2-0 Win

Roger Smith's fine all-around play and Ralph Baker's one-hit pitching led Mathews-Blue Circle past the International Brotherhood of Electrical Workers 2-0 in the Muncy softball playoffs Thursday night at Fox Park in St. Louis.

Baker went the distance, allowing two walks while striking out three.

Mathews scored both of its runs in the fifth inning on a walk issued to Russ Chappell and a home run clout by Smith.

In the seventh IBEW's lead off hitter smacked a Baker offering into left center field where Smith made a nice running catch near the fence to squelch any possible rally on the part of the opposition.

Singles by Smith, Babe Chambliss and Ed Heck accounted for the other hits in the local team's attack.

Playoff action resumes tonight as Mathews meets the Samsones in a 7:45 game at Fox Park. The game will pit two clubs in the league's bracket of the double-elimination event against one another. ## Teal Hunters to Take Part In Wildlife Experiment

The short September season on teal adopted by most states in the Mississippi and Central Flyways is an experiment in species management, according to the Bureau of Sport Fisheries and Wildlife.

State and federal wildlife specialists hope to learn more about people as well as ducks from this experimental season.

Blue-winged teal are among the most abundant of North American ducks. In recent years their breeding population has averaged about 4 million. Since the blue-wings migrate earlier than most ducks, hunters do not have an opportunity to harvest many of them.

But blue-winged teal are also known to suffer a relatively high rate of natural mortality. One answer, being sought, is whether these teal can sustain additional hunting harvest without detrimental effects to their population levels. Additional hunting harvest may only substitute for part of the natural mortality.

A second goal, directly involving the hunter himself, is to determine whether hunters can accurately identify and shoot teal without ill effects to other duck species.

A number of different hunter surveys will be used by the Bureau to evaluate the experimental season. These include hundreds of observations of hunters in the field by state and federal law enforcement officers and biologists, the examination of thousands of duck wings submitted by

cooperative hunters, and a mail questionnaire directed to holders of the special teal hunting permits.

Additional facts will be obtained by recoveries of leg bands from thousands of waterfowl banded in recent years in the United States, Canada and Mexico, plus annual breeding ground population surveys which measure the effects of the season on population levels.

Combined information from these sources will determine whether similar teal seasons will be permitted in future years.

No "mistake" ducks will be allowed, the Bureau has warned. Teal season hunters are cautioned, "Give waterfowl a fair deal—shoot only the teal."

"If you are an individual and have an estimated federal income tax return; your third installment of tax due on 1965 estimated income must be paid by Sept. 15," according to Jay C. Philpott, district director of Internal Revenue for central and southern Illinois.

"If the amount of income you previously expected to earn during 1965 has changed, you may be required to file an amended declaration of estimated tax. You will find a blank form to use in making out your amended return on the back of the bill which you received showing the amount of the installment due," Philpott said.

## County Museum-Piece Goina to Springfield

A one-of-a-kind wedding gift of 1893—an inlaid, ornately designed sewing table, will represent Madison county and superb Illinois craftsmanship at the Illinois State Museum this September, and October. It was announced today by Mrs. Austin Lewis of Madison, publicity chairman for the museum.

Already enroute to the museum in Springfield is the gift—a unique handmade sewing cabinet which was presented to Miss Julia Nelson and Louis Lawrin on their wedding day by employees of the N. O. Nelson Manufacturing Co., Edwardsville.

The state-wide exhibition at Springfield is being held in connection with the mid-west museum conference to be at the state capitol Sept. 20 to 24. State museum authorities have traveled extensively over Illinois to select artifacts made in the state before 1900. Madison county will be represented by a large primitive oil painting of the Cahokia Mounds area and by the unique sewing table.

## Etched Traceries

Handcrafted by two Italian employees of the N. O. Nelson firm, the sewing table has elaborate etched traceries on top, inlaid designs on the side panels, numerous small drawers and trays deep on the inside for threaded spools and other sewing supplies, and a secret compartment near the base.

"Mr. Joe Rizzoli and Mr. Magno were the cabinet makers who designed and carved the table. Descendants of the Rizzoli family are current residents of the county," Mrs. Lewis said.

The table will be on exhibit at the state museum in Springfield from Sept. 1 through Oct. 15.

ANTIQUE SEWING CABINET owned by the Madison county Historical Museum to be displayed at the state capitol and state museum in Springfield in September and October.

Mrs. L. D. Lawrin of Clayton, from Sept. 1 through Oct. 15. Local visitors will be able to view this rare piece of furniture after its return, in context with other furnishings of the late 1800's at the county museum.

## Boy, 3, Eats 48 Aspirin, Undergoes Stomach Lavage

A stomach lavage was performed Friday for three-year-old Craig Astorian, son of Granite City Patrolman and Mrs. Robert Astorian, 2920 Dogwood drive, after it was discovered the youngster had eaten about 48 candied aspirin.

The child was rushed to St. Elizabeth Hospital after the mother found the empty aspirin bottle. Patrolman Astorian still has his right arm in a cast, having fractured it in a fall off a truck while on duty in a search through a field off Route 203 for car thieves several weeks ago.

Admitted to the hospital Friday was five-year-old Daniel Collins, who fractured his right elbow in a fall from a tree. He is the son of Mr. and Mrs. Charles Collins, 2240 Nevada avenue.

Bobbie Crawford, 25, of 1808 Delmar avenue, suffered facial scratches when a soda bottle exploded; and other children were injured when a fire broke out in the basement of a house on the weekend.

Removal of a penny stuck in the roof of the mouth of four-year-old Billy Copeland, son of Mr. and Mrs. William Copeland, 1047 12th avenue, and two dog bite cases—Linda Frazier, 9, daughter of Mr. and Mrs. Earl Frazier, 1605 Stevenson avenue, who was bitten on the right hand, and Lorraine Peach, 3, daughter of Mr. and Mrs. Richard Peach, 1800 Second street, who was bitten on the nose.

Ronald Sheppard, 15, of 1744 Primrose avenue, hit himself with an ax and was given treatment for a one-inch cut to his right leg.

Diana Porter, 8, daughter of Mr. and Mrs. David Porter, 2042 Buenger avenue, fell off a bicycle and injured her left arm; Kathy Rose, 5, daughter of Mr. and Mrs. Harold Rose, 1344 Seventh street, Madison, fell off a merry-go-round at the park and was given treatment for severe abrasions to her upper gums, a small cut to her upper lip and abrasions to her nose.

Paul Tilson, 2925 Madison avenue, was given treatment for a ragged cut at his left eyebrow, suffered in a fall off a bicycle; Rufel Hobson, 2921 Iowa street, suffered first degree burns to his left hand when a book of matches

exploded; and Mike Trgovich, 1903 Edwardsville road, suffered injury to his jaw and loss of a tooth filling while wrestling.

## MORE ABOUT 80 MPH Wind

(Continued from Page 1.)

cleanup until the middle of this week. Trees suffered the most damage from the high winds, although local insurance companies received calls for claims of wind damage to roofs, shingle siding and broken windows, caused by the winds and falling trees of limbs. In the Hills Terrace area a garage under construction was blown down.

**Minor Fire Alarm**  
One fire alarm was answered at 10:53 a.m. when a shabby caught fire at the corner of Johnson and Franklin avenues. The fire was out when firemen arrived on the scene.

Granite City street department crews were given nearly 100 reports of trees down on streets and sidewalks. The department did not accept complaints of trees of limbs down on private property.

Among the locations of trees blocking streets or sidewalks were: 1700 block of Primrose avenue, 1238 Meridian street, 2438 Edwards street, 2807 East 24th street, the 2800 block of Warren avenue, 2404 and 2500 blocks of Delmar avenue, 2005 block of Edison avenue, 2203 Fourteenth street.

**Madison, Venice Area**  
The high winds struck the Madison area particularly hard. Power lines were blown down in the 500 block of Greenwood street, in front of 1917 Harris street, 915 Webster street and in the vicinity of 10th street and Madison avenue and 12th street and Madison avenue, areas in which homes and business houses were without power until overworked power company crews could make repairs. A line break also knocked the traffic signal at Sixth and Madison out of operation.

As the wind subsided, Madison police headquarters were flooded with calls for the street department, reporting trees and large limbs in streets throughout the city. Venice also was hit but not with the extent of damage reported in neighboring Madison. Venice reported trees were blown down at 701 Broadway, between Douglas and Calhoun streets in the 1100 block and in the alley at 527 Washington avenue. A telephone line was knocked out at Sixth and Jefferson in Venice, and a live power line was down at 1251 Klein street.

In Madison, trees were blown down at 915 Webster, 825 Grand, 1322 Fourth, 1800 Fourth, 1600 Fifth, Edwardsville road and McCambridge avenue, 1635 Third, 1314 Iowa and at 114 Second street. Other reports came from the 400 block of Second street, 1426 Washington, and 707 Bissell street.

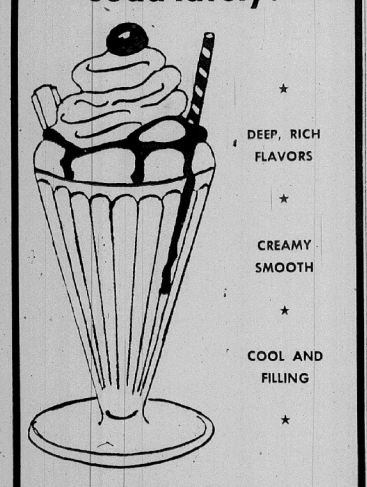

## McCambridge Collision

Damaged about the right front, the southbound auto of Fred Huett, Route Three, Imperial, Mo., was towed to a garage after a collision at 2:40 p.m. Sunday on McCambridge avenue at Second street, Madison. There was damage to the left front of the northbound car of Philip Garlingo, Cahokia. Huett told police he had halted to turn left into a driveway.

# 83 New GC Teachers Honored At Breakfast Meeting Today

Eighty-three teachers new to the Granite City school district were honored by school and civic leaders at a welcoming breakfast today in the high school cafeteria.

Supt. Russell D. Johnson, who presided, commented that the faculty is complete, a rarity at the start of the fall term. Vacancies existed in each of the past several years, he said.

Also presenting welcoming

talks were School Board President Monroe Worthen, Mayor Donald Partney, County School Supt. Wilbur Trumble and Rev. Keith Stanford. Worthen cited the rapid growth in enrollment.

Four other school board members, six guests, representatives of three teacher groups and 41 administrators, principals, consultants and district heads were in attendance.

In outlining teachers' responsibilities the county superintendent noted that they no longer are exempt from jury duty. Trumble described the Granite City district as "outstanding" in many ways.

Supt. Johnson said that, as the seventh largest school system in Illinois, Granite City must be a leader in educational development, rather than being content to match the programs of other school districts.

Recalling that he joined the local school system in the fall of 1926, the superintendent said he followed this community through a short time because devoted to it.

There are very fine people in the schools and community. The public is enthusiastic about good education, he said. Johnson said he never failed to pass a school bond issue. Johnson told the new teachers, following this community, that he was added to high school and junior high faculties met with Administrative Assistant, Earl Lewis, and new elementary teachers conferred with Administrative Assistant, Earl Lewis.

This afternoon, they met with principals at the buildings where they will teach.

A general staff meeting is set for 9 a.m. tomorrow in the GCIS auditorium to be followed by sectional meetings conducted by faculty committees, which study various educational fields.

Students will report Wednesday morning with the regular tuesday schedule beginning Thursday.

Two other welcoming meetings are set for new Granite City teachers. They and their spouses or escorts will meet Sept. 7 at the Trust & Savings Bank, as guests of the bank, and Sept. 23 at the First United Presbyterian Church, as guests of the United Cities Ministerial Association.

car driven by Mrs. Yvonne Counts, 28, of 4328 Highway 162, was sideswiped by an auto driven by William Brennan, Edwardsville, as she was turning into her driveway Thursday afternoon. Brennan was trying to pass, police said.

Mrs. Counts was admitted to St. Elizabeth Hospital with a scalp laceration. Her son, Richard, four, was taken to a doctor's office for treatment. Another passenger, Mrs. Ruby Goodman, 6, of Corning, Ark., was given treatment at the hospital for pains in both hips and back abrasions. X-rays were taken, and she was released.

**Hurt Near Pinckneyville**  
Jack Milosevich, 17, of 2627 Highway 67, was admitted yesterday at St. Elizabeth Hospital after being released earlier the same day from the Pinckneyville Hospital, where he had been confined with injuries sustained in an auto accident Thursday night near that community. According to his father, Emil Milosevich, the youth was returning from a brief visit in Kentucky with two other local youths when their vehicle ran off the highway.

Milosevich was asleep in the back seat at the time of the accident and has reported no further details, his father said. He was admitted here following a call from the Pinckneyville hospital, which stated a further examination of X-rays showed the possibility of additional injuries. No other details of the accident were available.

Setzer said he tried to stop but his foot slipped off the brake and onto the gas pedal. Henry's car was stopped in the center lane waiting to turn left onto 19th street. Setzer was taken to St. Elizabeth Hospital for treatment.

Anna C. McKinney, 43, of 1103 Locust street, Venice, complained of head injuries following an accident Thursday at Klein and Weaver streets in Venice. The accident occurred when a car she was driving collided with one driven by Charles Hilton, 62, of 6107 Bissell street. Both cars were damaged in the left front. The McKinney car was going south on Weaver and turning into Klein, and Hilton was driving north on Klein.

Friday with head injuries suffered in a traffic mishap. She was released Saturday. No details of the accident were available.

**Hurt in 3-Car Pileup**  
One driver was hurt Saturday afternoon in a three-car pileup on Namecki road at Pershing avenue. Requiring treatment for neck and left shoulder injuries was Floyd Crouch, 31, of 2207 Cleveland blvd.

Police said an auto driven by Namecki road, stopped for an auto in front of him waiting to make a left turn, and that Crouch stopped his car behind Pearson's when it was struck by the southbound auto of Leon Van Meter, 2811 Edwards street, pushing the Crouch auto into Pearson's.

**2 Hurt in Crash**  
Two persons were injured Saturday night in a two-auto crash at 28th and State streets where the auto driven by Mrs. Margaret Weissenborn, 42, of 2455 Woodland avenue, was knocked into a utility pole.

## THE PASTOR SPEAKS

**CAPT. RICHMOND H. HILTON**  
Chaplain, Granite City Army Depot

Back on the farm we need to use a white doorknob for a nest.

When I would change nests if he perceived that her eggs were being taken as regularly as they are laid. However, the white doorknob would deceive her into thinking that all was well.

Occasionally a hen would decide to "nest" on the doorknob and hatch it. Needless to say, the doorknob would never hatch because it was not made of the right stuff.

It looked good to the hen, but was useful only to deceive; and, despite it did, causing many hapless hen uncoupled hours of useless sitting, sitting on a doorknob.

We Have Doorknobs, Too

As superior beings, we may look at the hen and smile at her gullibility. We know that a white doorknob will not hatch. However, we have our doorknobs on which, for all practical intents and purposes, we "nest," hoping that they will hatch into something useful; hoping in vain, for they, too, are deceptive.

**MITCHELL RESIDENT PLEASED WITH AIRPORT**

To the Editor:

Having just returned from vacation, we found much to surprise and elation at an article in the Press stating that the Madison County board of supervisors had approved the rezoning of a tract of land to be used as an airport in the Mitchell area.

As a resident of Mitchell I feel very close to this decision. There is much opposition on many fronts. There are those who feel that an airport in this vicinity is not a good thing.

True, much of the property has been used for residential purposes only. But must everyone take the "head in the sand" attitude?

The potential of an airport in this location is endless. There is great acreage available for development of industrial use. The proximity to the SIU campus will be an asset to teachers, students and visitors.

This is the 20th Century and progress will go on. Twenty years ago no one could foresee this area as a large residential complex, thus the need for schools and playground facilities. Let us not be so blind.

To those who object to larger planes taking off and landing in this area I ask that they look up. There is hardly a minute of the day when there is no plane taking off or heading east from Lambert Field. Many of those same planes would use the Mitchell airport. I feel the danger from the new airport would be no more than that which is already in existence.

**MITCHELL RESIDENT NAMED CITY CITIZEN GROUP WILLING TO AID BOARD**

To the Editor:

The Committee for Economic Improvement for Namekto Township wishes to make the following statement in regard to the \$1,900,000 Sewer Bond Proposal that was decisively defeated Tuesday, Aug. 24, 1963.

The members and officers of the committee wish to thank the many people who donated their time and service, working voluntarily to represent the citizens of Namekto Township, and to thank the people informed on the issue.

The voters and taxpayers expressed their feelings on the issue by defeating a program that they felt was incomplete and unsatisfactory. Much research was done by the various civic organizations during the period of this bond ordinance and each one of the \$1,900,000 Sewer Bond Proposal that was decisively defeated Tuesday, Aug. 24, 1963.

to a short train. A self-fabric was set high at the front waistline. Her sparkling Queen's crown, bestowed at Quincy July 17, diamond earrings, white opera-length gloves and a truly magnificent smile, completed her ensemble.

Masses of pink rosettes created a colorful background for the speaker's table, with the words "Good Luck Kathy" inscribed in deep red roses. A low arrangement of pink and red carnations, flanked with tall red candles in crystal candelabra, decorated the head table, while the remaining dinner tables were appointed with flowers and candles in complementary shades.

Kopp is MC. Jaycee Donald E. Kopp served as master-of-ceremonies and introduced those seated at the head table.

They included: Eastern Illinois University president, Dr. Quincy Doudna and Mrs. Doudna, Charleston, Ill.; Raymond Laake, director chairman and Mrs. Betty Lake, Jaycee president; James Burton, GC Jaycee president; Rev. Joseph A. Enright, pastor of Sacred Heart Church, who offered the invocation; Illinois Jaycee president, Robert Sullivan, and Mrs. Sullivan, of Belleville; and Alderman Paul Rutledge, who represented Mayor Donald Partney.

Commenting on the great pride felt by Eastern University's faculty and students in the achievement of Miss Ors, Dr. Doudna said, "We all believe she will go far in her chosen field of endeavor." He added that EIU has a comprehensive speech, dramatics and music curriculum, and maintains a high standard of excellence in all academic fields.

Dr. Doudna noted that a number of Quad-Cityans are enrolled at the university. Miss Illinois will begin her junior year at EIU this fall, where she is majoring in speech.

### Community Spirit

Jaycee president Burton remarked on the tremendous community spirit which pervades the entire Miss Illinois project from all segments of the local area. He said the GC Jaycees firmly regarded Miss Ors as the future Miss America. Burton presented the guest of honor with a check and the guest book signed by those attending the farewell gala affair.

Howard Kaseberg, vice-president of the Tri-Cities Chamber of Commerce, presented the Jaycees with a monetary gift to assist in the expenses of the Miss Illinois program.

State Jaycee president Sullivan pointed out to the guests that Miss Ors now belongs to the state of Illinois and has the full support of the state's 11,600 Jaycee members in 288 chapters. He added that 85% of the Miss America candidates are sponsored by state Jaycee organizations.

In a warm unaffected manner, Miss Illinois expressed her appreciation to those present, saying, "I feel an overwhelming sense of gratitude and much happiness." "Although right now I am on 'cloud nine,'" she added, "I will make every effort to repay you all by doing my very best to make you proud of me at the Miss America Pageant."

She paid special tribute to Miss Mary Blackburn, a retired Granite City high school speech teacher, who presented the official Miss Illinois sash to her. Mr. and Mrs. Mary Blackburn, her local sponsors; Mr. and Mrs. Darrell Crews, a comprehensive speech, dramatics and music curriculum, and maintains a high standard of excellence in all academic fields.

## Alton to Grafton Opening Of River Road Set Thursday

The final segment of the Great River Road from Alton to Grafton, known as the McAdams Parkway, will be dedicated and opened to traffic at 3 p.m. Thursday, Sept. 2. Francis S. Lorenz, director of the Illinois Department of Public Works and Buildings, will cut the ribbon signaling completion of the project, originated more than 30 years ago.

A dedicatory program, arranged by local civic groups and

Robert Kronst, district highway engineer, will be held at the site of the ribbon cutting on the highway near Grafton.

Although improvement of the Great River Road was started during WPA days, only in recent years has the parkway been completely faulted and modernized. The parkway stretches almost 15 miles along the banks of the Mississippi River, from Illinois 100 (Market street) in Grafton to the connection with U. S. 67 and Illinois 111 in Alton. Bounded by high bluffs on one side and the river on the other, it is one on the most scenic highways in the middle west.

The present construction being completed in and east of Grafton closes the last link of the McAdams Parkway. The new portion is slightly over three miles long.

Johnson, FAA district airport engineer, outlined the steps that the board of supervisors should take in establishing a county airport authority to develop the property into a major airport.

In other action Thursday night, the village trustees approved a 48-acre plat, submitted by the Dale Realty and Construction Co. of Granite City, for the Quiet Valley subdivision, located east of Highway 111. The area, which recently was annexed by Pontoon Beach, will contain between 150-160 frame homes in the \$13,000 to \$16,000 price range.

The resignation of John R. Thompson, a village patrolman for the past year, was accepted by the board. His resignation, due to personal reasons, reduces the village police force to three patrolmen and Chief Marshal Douglas Harvey. Payment was authorized for insurance policies for a new patrolman and the village humane officer.

Complaints from residents on the malfunction of several septic tanks in an area of new brick homes were reported to the board, with Stueffert authorizing the village trustees at the September meeting.

# Labor Council Appeals for Safety on Labor Day Weekend

The Tri-Cities Trades & Labor Council is issuing a special appeal to Quad-Cityans to be careful on the highways and streets during the forthcoming Labor Day weekend.

Robert McCormick, chairman of the Trades Council's safety committee, pointed out today that at 8 p.m. next Friday, streets and highways will be filled almost to capacity as nearly every automobile in the nation takes to the road.

"Traffic will be much heavier than normal during the 78 hours of the Labor Day weekend," McCormick said, "since many families are either returning from summer vacations or taking advantage of the long weekend to try to crowd in long drives."

"Still more will take shorter trips to favored swimming and boating areas, camp grounds and picnic sites. There won't be many autos that won't have their wheels turning during the 78 hours."

Last Year's Statistics

He emphasized that the increased traffic requires all motorists to be more cautious and to drive courteously, thoughtfully and defensively. On the Labor Day weekend last year, there were 533 traffic deaths, 18 boating fatalities and 72 deaths from miscellaneous accidents.

The Tri-Cities Trades & Labor Council explained, is participating in the Labor Day safety campaign sponsored by the standardization and commerce on safety and occupational health of AFL-CIO, the United Mine Workers of America and the Labor Conference of the National Safety Council.

"Almost always there are more traffic accidents during holidays than during non-holiday periods," McCormick said. "The last two days of Labor Day weekends were especially bad."

"Our own holiday should not be one marked by tragedy. We must work together to make Labor Day this year the safest on record."

Council's Safety Tips

For Quad-Cityans planning Labor Day weekend trips, McCormick says the safety committee offers the following safety tips:

"Give yourself plenty of time for the journey—with extra time out for frequent rest stops.

"Don't drive if you become overtired.

"Keep alert for poor drivers in order to protect yourself and your family from another's mistake or recklessness.

"Don't drive after drinking.

"Be sure to buckle your seat belt at all times."

## 15 Quad-City Youths To Be Drafted Friday

Also this month on Sept. 8, a group of 30 Quad-City area youths is to report to the county draft office for pre-induction physical examinations.

## New Home Mortgage Law For Veterans in Effect

Though a new housing law requires no down payment on a \$15,000 home mortgage for veterans, federal regulations require a minimum payment of \$200 to cover closing costs, Ray M. Kaegele, president of the Granite City Board of Realtors, announced today.

The new law extends a liberal home loan benefits to millions of post-Korean war veterans and to older veterans who have not used up their eligibility under a Veterans Administration program.

The law directs the Federal Housing Administration to insure 100% of the first \$15,000, 90% up to \$20,000 and 85% up to \$30,000.

Kaegele said the \$200 closing cost will enable FHA to continue to use closing costs in its estimate of a property's value instead of making a distinction between veterans and non-veteran mortgages, noting that under the VA program, GI buyers are required to pay closing costs in cash.

### Minimum Down Payments

FHA will require the veteran to make a minimum down payment of not less than \$200 on the first \$15,000 of appraised value, plus 10% between \$15,000 and \$20,000, plus 15% of the value above \$20,000, he added.

The mortgage terms apply to both existing and new homes, he said, and the standard FHA interest rate of 3 1/4% will apply.

plus an additional half of 1% to cover cost of government insurance.

A veteran's entitlement under the law does not expire as under VA programs, Kaegele added, and he may use the low down payment terms more than once.

**Eligible Veterans**  
Any veteran who served 90 days on active duty in the armed forces and was discharged on conditions other than dishonorable is eligible for the terms provided he has not received any direct guaranteed or insured loan through the VA program for the purchase or repair of his home, he said.

"Interested veterans should obtain VA Form 26-8261, Certificate of Veterans Status, from his local VA office for attachment to the FHA application form," Kaegele said.

Kaegele advised interested veterans to consult a realtor, as local realtors are familiar with the new requirements and financing arrangements.
